Enclosed is the deposit for tile work.

The tile base board was completed today and looks very nice.

Home is ready for tile work on July 11, 12, & 13th. All furniture has been removed with the exception of one small table.

Thanks for all your wonderful help making my bad experience in the past. I can now look back and see beautiful tile work instead of all the brick.

Thank,
Mildred Tallis

Dear Dan

I want to take this opportunity to compliment Mexican Tile Restoration Company who cleaned and finished the tile in my home. The workers, Peter Kaset, Randy Quam, and Mark Wilson were extremely professional and hardworking. They were task masters and certainly showed a great deal of knowledge about their job. In addition to this knowledge, they took great pride in a job well done. Dave Richardson oversaw the project and was readily available to answer any questions I had. I am extremely pleased with the outcome of their hard work. The floors look beautiful.

It is, without reservation, that I recommend to you that you continue using their services. I, too, will recommend them to my friends who many need to secure services of this nature.

One closing thought --- the integrity and work ethic displayed by this company was a "breath of fresh air."

Sincerely,

Marcia A. Sisemore

Hi Guy's,

Attached is a scanned copy of the estimate for tomorrow's job.

Also to follow is a note from a client to whom you did a job last week. It's a little heavy on the Kudos to Pete which makes me suspect, but a job well done. Seriously though, great job and thanks for representing MTR so well. It is obvious you guys have the heart to want to do well and look good personally and for the company and that is a great quality and shows proud work ethics.

O.K. now I'm getting misty.....have a great Sunday.

Dear Dave and company:

Our Saltillo tile looks amazing after the very fine job Pete and his crew did at our home on June 14, 2006. We are quite pleased with the entire outcome. We would like to mention that Pete was very knowledgeable about product, job and crew management as well as being courteous and considerate of the household. We appreciated that very much.

We would not hesitate to recommend your company to others as we feel that the quality of the job and the personnel are worth complimenting.

If you would ever like to use this e-mail as a testimonial or reference, please do so.

With Sincere Thanks for a job well done.
